VOICES FROM PRACTICE

What makes our graduates so special?

Konrad Martin

Partner at WAYES:

“Consultants who come to us from SRH University Heidelberg are very well qualified to handle our restructuring mandates. In addition, we are always pleased to note that they are highly motivated to understand and resolve crisis situations in small and medium-sized enterprises. Based on our consistently positive experiences, we favourably consider applications from SRH graduates.”

Felix Dreyer – SRH graduate

Consultant at WAYES:

“The solution-focused, challenging way of working in management consultancy appealed to me greatly even before I started university. Given my specialisation at university and the internships I did, I knew I wanted to start working for a management consultancy after graduating. The technical and social skills I learned through the CORE Principle and my specialisation in Restructuring & Recapitalisation were key to my success in landing a job with WAYES.”

Marcus Nagel

Co-CEO of JobRouter AG

“We have very positive experiences with SRH University Heidelberg graduates: they have a good combination of specialist knowledge and the ability to work independently and accept responsibility. This is why we would always consider SRH graduates again in the selection process.”

Johanna Karlberger - SRH graduate

Head of People Management at JobRouter AG

“My Master’s programme in ‘International Business and Company Law’ enables me, in my current role of Head of People Management and member of the management team at JobRouter AG, to get involved in an enormous range of different company-wide issues.”
